A North Carolina Pilot Project- 2016

"... the Carteret County Jail will ultimately be the recipient of medical and psychiatric information prior to the inmate coming through our door. This will give us a tremendous advantage on planning and cost savings. It will also reduce our liability and improve the safety of the inmate. "

Sheriff Asa Buck, Carteret County, Past President of the NC Sheriffs Association

"...this program was presented to the (NC) Criminal Justice Information Network (CJIN) Board in the recent past and was well received and favorably endorsed in their annual report to the Legislature. As I serve on the board, I recognize the impact of such projects."
